- Look up the company that you are interviewing at or assigned to beforehand. Make sure that you know what they do and some history about the company so that you are prepared for the interview or your first day.
- Remember that first impressions are very important and almost never forgotten. Start off on the right foot!
- Double check your social media accounts to ensure that they are a positive reflection of you. If they aren't something you would want a future employer to see, make them private.
